A PLEASANT MEETING

Held by the Daughters of the American Revolution Last Saturday.

The Daughters of the American Revolution met Saturday afternoon at the home of Mrs. John Blackinton in Blackinton. The meeting was held in commemoration of the battle of Bunker Hill and was well attended. It was expected that two papers would be read, but the ladies who were to read them were not able to be present. Mrs. Andrew W. Hunter read sketches of Howe, Gage, Warren and Prescott, two English and two American generals who took part in the battle. Miss Baker of Adams rendered a number of piano selections, Mrs. Kate Arnold sang and Mrs. N. E. Arnold read two poems, "Watson's Address" and "Grandmother's Story." In a very effective manner a recitation was given by Miss Ellen Cutting and the meeting, which was the last to be held by the local chapter before fall, was exceedingly interesting in every way. Refreshments were served.

In a very effective manner a recitation was given by Miss Ellen Cutting and the meeting, which was the last to be held by the local chapter before fall, was exceedingly interesting in every way. Refreshments were served.

The Daughters of the American Revolution met Saturday afternoon at the home of Mrs. John Blackinton in Blackinton. The meeting was held in commemoration of the battle of Bunker Hill and was well attended. It was expected that two papers would be read, but the ladies who were to read them were not able to be present. Mrs. Andrew W. Hunter read sketches of Howe, Gage, Warren and Prescott, two English and two American generals who took part in the battle. Miss Baker of Adams rendered a number of piano selections, Mrs. Kate Arnold sang and Mrs. N. E. Arnold read two poems, "Watson's Address" and "Grandmother's Story." AT ADAMS TODAY

Impressive Exercises.

Impressive exercises were held at St. Thomas' church Sunday afternoon when the church observed the feast of Corpus Christi by an open air procession of the Blessed Sacrament. A line of march headed by a cross bearer was formed in the church. After the cross bearer came the parishioners in double file followed by the members of the League of the Sacred Heart, the boys of the Sunday school, the girls of the Sunday school all dressed in white and wearing wreaths of flowers, the senior and junior choirs, the torch bearer, master of ceremonies, Rev. Fr. Woodman, and then came a number of little girls scattering flowers before the Blessed Sacrament carried by Fr. Moran under a silk canopy which was carried by four gentlemen. Fr. Moran was attended by Fr. McGrath and Ceyne. The procession moved from the church along the driveway to the parochial residence where two altars were erected. Benediction was celebrated at each altar and the procession returned to the church. The lawn and driveway leading to the parsonage was trimmed with laurel and other flowers and the altars looked very handsome. At the church Rev. Fr. Woodman, Paulist father from New York, delivered an eloquent and able sermon on "The Duties and Dangers of True Christianity." He dwelt at some length on the sin of profanity, lying, using words of impurity and uncharitableness. The sermon was filled with practicalities and was received with marked attention throughout. Six ladies were graduated as promoters of the League of the Sacred Heart and the exercises closed with benediction. Fully 500 people witnessed the ceremony outside.

Broke the Carriage.

Emil Higham and wife while enjoying a carriage drive to Williamstown Sunday afternoon met with a bad accident. When near Williamstown their horse became frightened at a road roller and overturned the carriage, throwing Mr. and Mrs. Higham out. The carriage straightened again and the horse collided with another team, breaking both carriages. Mr. and Mrs. Higham escaped unhurt though the horse was out somewhat.

Children's Day.

Children's day as observed at the Baptist church Sunday was an auspicious occasion. The church was beautifully trimmed with potted plants, ferns and other floral decorations. The attendance in the evening was large and the program as rendered by the children was pleasing. The sermon by the pastor was appropriate and carried with it much of good advice for the children.

Surprised by His Friends.

Emil Guelster was pleasantly surprised by about 30 of his friends at his home on Beach street Saturday evening. They called and presented him with a Morris reclining chair in honor of his birthday. During the evening songs were sung, refreshments were served and an enjoyable evening was spent. Joseph Carpenter had the company roasting with laughter at his rendition of a bear dance.

Should Investigate.

A letter in the Sunday Morning Call dwelt at considerable length on the work at the Barrett reservoir and wondered when it would be finished. If the writer had not been talking through his hat he never would have made the statements or made the queries he did. The writer finished two weeks ago today. The writer should not trust so much to his imaginations, but investigate.

Derby's Won.

Again the Derbys of Renfrew have demonstrated their ability to play baseball. Saturday afternoon they defeated the Greylocks by a score of 21 to 3. Purcell and Tulley were the home team's battery, while Brown and Brissette were in the points for the visitors. Frank DeCoeque was umpire. The Derbys have not been defeated this season.

Will Go To Dalton.

At the regular meeting of the Father Mathew Temperance society held Sunday afternoon, Frank Dugan, Daniel Kiley and John Murphy were appointed a committee to secure music to accompany the society July 5, when they will attend the Father Mathew county field day at Dalton.

A Fine Residence.

Contractor James Fleming is making plans for a residence to be built for George Kerr at Renfrew. It will be of wood and will be finely finished inside, with the best modern improvements. It promises to be the finest residence at Renfrew when completed.

A Good Arrangement.

The residence of George Follett is perhaps the best of shade of any in town. The whole exterior of the front is fitted with adjustable awnings which not only afford shade but add much to the appearance of the house. It is the only arrangement of the kind in town.

Busy Day in Court.

The police court had a busy day Saturday. Fred Roberts of New Ashford and Claude Hinkley, his hired man, were up for assaulting John McCurdy and his brother, Hailans living in that town. According to the testimony McCurdy shook Roberts' boy for firing a pistol in his neighborhood. This enraged Roberts and a little later when he and his hired man met the Hinkleys they pounded them severely. Roberts was fined \$25.48 for assaulting John McCurdy and Hinkley, who paid his attention to McCurdy's brother, was fined \$17.85. Harry Roberts, the boy who did the shooting, was fined \$8.20. The defendants did not have the money to pay and appealed, but it is expected the fines will be paid before the sitting of the grand jury. Lewis Battidell, an Italian living at Sweet's Corners, was before Judge Danforth for disturbing the peace in New Ashford, and his fine and costs amounted to \$8.42.

Mr. and Mrs. L. M. Puffer and son and driver enjoyed a trout dinner at the Mount Pleasant house Sunday.

Hon. Lyman Bowles sustained quite a severe shock Saturday and has since been confined to the bed. Mr. Bowles is in his 90th year.

James Farmer, a man about 60, was knocked down and robbed in Bennington last week by Francis Knapp of that town and robbed of \$104 and a watch. Knapp was captured in White Creek, N. Y., the next morning. He had \$39 and the watch. He has since been taken before the county court, charged his plea of not guilty to one of guilty and was sentenced to the state prison for ten years.

Next Sunday Mr. Higgins will preach at Fendale, (Woodford Hollow), in the morning and the city church C. E. society will hold their service at 11 o'clock.

In the evening Children's day exercises will be given and Mr. Higgins will be present.

One night last week something invaded Mr. Knapp's henery and gobbled a dozen chickens and one old hen. The next night Mr. Knapp had a trap set and a large skunk was caught.

William Friddy of Brooklyn, and Charles H. Davidson of New York have registered at the Mount Pleasant house.

Elaborate Decorations.

The Congregational church was very beautifully trimmed for the Graves' prize speaking contest Saturday evening and the decorations were left in place over Sunday. The work was done by Houghton of Norwalk, Conn., who will also trim the gymnasium for the senior promenade to be held Tuesday night. Mr. Houghton sent from Norwalk a carload of palms and potted plants, and the cut flowers came by express.

Rapid Work.

J. A. Fairweather and Charles A. Brown must be remembered when the matter of rapid building is considered. Last Thursday noon they finished a job in Bennington, Vt., which was done on the lightning plan. It was a barn which they built for H. H. Stewart. Its size is 28 by 36 and all the work was done by the two men in 35 days, much of which time the weather was very unfavorable.

A Valuable Coin.

C. D. Phelps has been offered \$100 for the pine tree shilling which he plowed up several weeks ago on his farm, and which was described in these columns at the time.

The village has been nicely slicked up for commencement week and never looked better. Lawns have been mowed and walks trimmed, and the streets have received attention at the hands of Commissioner Fowler. It is indeed an attractive scene to which the alumni of old Williams return year after year as the commencement season comes around.

Mr. and Mrs. E. H. Hotsford of Manchester, Vt., are spending the week at the home of her parents, Mr. and Mrs. C. G. Sanford. Mr. Hotsford is a graduate of Williams, class of '92, which hold a reunion this year.

The Misses Snyder of Manchester, Vt., formerly of this town, are here for the summer. They are teachers in Burr and Burton academy, of which E. H. Hotsford is principal.

Farmers are more cheerful than they were. A good hay crop has been assured for some time, but the wet and cool weather continued so long that they began to be fearful that little else would be raised. But the few bright, warm days of last week caused vegetation to shoot forward rapidly and the farmers realize that there is yet time for good crops, even if the start was a little late.

The sophomore class supper was held at the Greylock Friday night and the class of '98 had a supper at the Idlewild the same evening.

The horse cart that has been kept in the mill at the station is now kept in Beland's blacksmith shop, and will be kept in the front end of his wagon shop on Cole avenue when the building is completed. The change is made because the cart can be got out quicker than it could be from the mill.

The senior class supper will be held at the Greylock Thursday night.

A GRAND GAME

Was Witnessed at Lawsonian Field Saturday and North Adams Won.

EVERYBODY WAS SATISFIED

With the Contest. Umpire Ryan Did Excellent Work. Every Player Was on His Metal. Plenty of Excitement.

The North Adams public will never ask for a better ball game than the one which took place on Lawsonian field Saturday afternoon between North Adams and the Cuban Giants. Two teams could hardly be better matched and snapper ball playing is not easy to imagine. The attendance numbered fully 1500 and the grand stand contained at least 2000 ladies to its number. The game was interesting from the time the first ball was thrown up until the third man was out in the ninth. After the fifth inning the contest became exciting and time and time again the grand stand and bleachers groaned under the violent demonstrations of the spectators.

Umpire Ryan never had a better eye, and not once in the two hours of play were his decisions questioned. There was no sign of a disagreement, no kicking between players, no unpleasant features. The contest was as hard and as clean as was ever witnessed in this city and reflects credit upon players and spectators alike.

It was a positive enjoyment to watch the game, with its frequent critical moments, and everyone was outstretched in their appreciation of the departure from what has been served up as ball playing for a fortnight or so.

North Adams went to bat first and for five innings failed to put the ball in a safe place, so active were the darky fielders. The sixth brought joy for the home team supporters. Scharf landed a dandy single in left field territory and "Pounders" drew came to the rescue with a home run over left field fence. The crowd went wild and the favorite batter had to make a pretty bow to the grand stand to stop the clamor. Keefe who had taken Lawson's place in the fifth, scored in the seventh on an error of Garrison's and on Summers' long fly to right field. The customary batting streak came in the eighth and three had scored before three were out. The spectators yelled themselves hoarse when Reidy crossed the plate, giving North Adams the lead by one run. McCann's two-bagger, Scharf's long single to left field and Drew's safe hit almost in the same place netted three tallies in the ninth. With score 5 to 1 in the ninth the darkies tried their best to beat, and when two of these agile colored fellows had crossed home plate after two men were out, it began to look like a 10 inning game. But Miller hit the ball on the ground to "Nick" Scharf and he was quickly out at first, and the game was over. While the ball from Miller's bat was spinning along to Scharf the spectators held their breaths to a man and not until it found a snug resting place in Dooley's glove did the breaths come back. The score:

Peter Finley Was Very Suddenly Stricken While at Work.

DIED WITHOUT UTTERING A WORD

Mr. Finley was Once a Prominent Saloon Man and a Figure in the Town. His Death Recalls Old Times and Old-Time Conditions.

Peter Finley, 66, did very suddenly this morning at his room in the Windsor house on State street. Mr. Finley went to work this morning with the city laborers where they are excavating on Church street near the corner of Summer street. He had just taken up his shovel to begin when he was prostrated and never again spoke. Patrick Kelly and another fellow workman lifted the old man from the trench. A passing car was halted and Mr. Finley was taken to his apartment.

When the old and unconscious man arrived at the house he was helped up stairs by Sheriff John E. Moloney and John H. Macle. Several doctors were telephoned to and Dr. Mignault was the first to arrive. He thought heart disease the cause of death. When he arrived the old man was dead. He had not spoken from the time he was picked up from the trench at 7 o'clock.

Several years ago Mr. Finley suffered sunstroke and nearly lost his life then. He had not been in excellent health since. Five weeks ago he was stricken as he was this morning but not so severely. He was then working for the city, engaged in digging excavations on State street. After being carried home he was revived by a physician. Since that time he has been unable to work and started out again for the first time this morning. He met one of his acquaintances in The Windsor a little before 7 o'clock, just as he was lighting his morning pipe and remarked to him, "Well, I'm going out to try it again today, but I don't know how it will come out." Fifteen minutes later his friend helped him to his room to die.

Mr. Finley had seen better days than those of digging in a public trench for a living. At one time he was one of the best known and best dressed men of the city. For years he had been engaged in the saloon business. Those acquainted with the city 15 years ago will remember the saloon that was located on the corner of Pearl and Main streets on land now covered by the Hunter Machine Co.'s works. It was in that saloon that Mr. Finley experienced his brightest times. He had an interest in it and had personal charge. A relative named Galloway connected with it and Michael Cavanaugh attained to it subsequently. Back in those days everybody knew Peter Finley who was a lively man and a moving spring of the world in which he moved. He was respected by his immediate friends and he suffered reverses but still held the friendship of his old acquaintances, who presented themselves considerably in his welfare.

For the past five years Mr. Finley has made his home at The Windsor. Landlord Purcell has been considerate of the man's infirmities and penury. It is said he has wealthy relatives, who have helped him from time to time and whom Mr. Purcell is now trying to locate. Their homes are believed to be in Brooklyn, N. Y., and Pittsford, Pa. Mr. Finley has no near relatives in this city.

The body was at The Windsor, awaiting the arrival of Medical Examiner Paddock of Pittsfield who has been summoned by Captain Dineen. Later in the day it was found that it was not necessary Dr. Paddock should see the body. The certificate of Dr. Mignault will be taken and the death will be ascribed to heart disease.

LOCAL LEGISLATION

Some Things of Importance That May Come Before the Council Tonight.

A MUCH BETTER ICE ORDINANCE

The Efforts of the Chairman of the Board of Health to Protect the City Against Impure Ice. The Question of Passing Again.

One of the matters of considerable importance to come up tonight at the council meeting or at a very early day is the matter of supervision of the ice trade in the interests of the public health.

The history of laws regulating the sale of ice in the interest of the public health is not very encouraging to progressive communities. Dr. George F. Simpson, chairman of this city's board of health, has given the matter a great deal of attention and is endeavoring to have this city set in the front rank of cities having ice laws. His correspondence with the state board of health showed that ice dealers have been so successful in controlling legislation that all the statute law possible to obtain with reference to ice selling is that on a petition of 25 or more citizens the health officers may act. This places no authority in the hands of the officers.

On finding this discouraging state of affairs, Dr. Simpson wrote to several cities and received answers from several, among them being Cambridge. He found that Cambridge was the only city that made any serious attempt to consider the ice trade with reference to health. The city ordinance of Cambridge was found to be quite a good instrument and as immediate legislation was needed in this city on the point that ordinance was practically passed by the North Adams council and recently became a law.

Dr. Simpson, desirous of having the best regulations possible, gave the ordinance and state law considerable study and found that the ordinance is not all that could be desired, nor all that can be obtained under the law. The statutes gave cities the right to pass ordinances in regulation of ice selling and it is the decision to have the present ordinance amended or repealed and a new one drawn and adopted. The general provisions of the ordinance that is desired are that the board of health be empowered to demand and obtain samples of ice, that in their judgment should be investigated; that they be empowered to cause an expert analysis of the ice to be made and a copy of that analysis to be filed with the city clerk. This being done the board will have power to order the sale of condemned ice stopped.

As it is at present the board of health has no authority under state law or ordinance to order ice not to be sold, though the selling might be dangerous to health. The points that will be given attention by the board in making investigation of ice are the source of the water supply and the condition of the ice stock. Experts will probably be engaged in all the investigations. While all this is being done it is a fact that no complaints have been made concerning the purity of the local ice to the board of health and there probably are no grounds for such complaint.

Among some of the matters to come before the council tonight may be the matter of paving State and Eagle streets. It has been found a difficult thing to get a waiver of damages from all the abutters on these streets because the property owners are scattered and hard to reach. Engineer Emigh will have profiles of these streets ready for the council tonight. But abutters on these streets have not yet been canvassed. Among these profiles already prepared is the Bank street one, and it is expected that this street will be one of the first to be paved. The material used will be brick.

NEW PHOENIX BRIDGE

The Contract Let Saturday Afternoon to Berlin Bridge Company.

DISPOSITION OF OLD BRIDGE

Dimensions and Type of the New Bridge. Much Wider Than the Present One. Will be Completed by September 1. Matter of Abutments.

Commissioner James E. Hunter of the department of public works closed the contract Saturday with the Berlin Iron Bridge company for the new Main street bridge. The papers were drawn and signed in duplicate and passed. The figure is \$4,939. This price does not include the abutments, only the bridge proper.

The bridge will be of the plate girder type, similar to the type selected for the recently built street railroad bridge. The new bridge will be 14 feet wider than the present Phoenix bridge. The road bed will be 32 feet clear and there will be a sidewalk on the south side seven feet wide and on the north side 5 feet wide. The bridge will be of 70 feet span and the bed will probably be paved with brick.

The contract for the abutments has not yet been given out. The specifications for the abutments are not ready. They will be prepared as soon as possible and work begun in a very short time. The contract with the bridge company calls for the completion of the bridge by September 1. The Berlin Iron Bridge company were the lowest bidders.

The best use to make of the old bridge is a question being considered by the department of public works. What can be done with it may not be determined until it is taken up. Just how far it is worn or rusted will not be known until then. The suggestion has been made that it be converted to the place now occupied by the old wooden bridge over the river opposite Boston Valley park. That bridge there is too short of span for the Phoenix bridge is of 50 feet span and 70 feet would be very adequate to take the place of the old bridge near the park. That length would be much longer than the present bridge there. Besides it would not be necessary to have the bridge on Main street as wide as it is now if it was to be transferred to that place. These facts are in favor of the bridge being transferred and the making of a substantial job. Ten feet can be taken from the center of the present Main street bridge and a number of feet can be taken from its width to make it conform to the place crossed by the old bridge. This promising would probably eliminate the worn portions of the bridge and in its shortened shape it would be stronger than it is at present. This disposition of the bridge has only been suggested and has not been decided upon though it appears to be the best way to use the old structure.

GREYLOCK.

A very pretty wedding took place at the French church in this village this morning. The contracting parties were J. O. Liberty and Miss Miss Bissell. The ceremony was performed by Rev. Fr. Marcoux, pastor of the Williamstown and Greylock churches. Miss Eva Bissell, a sister of the bride acted as maid of honor; and Fred Bissell, a cousin of the bride was best man. After the services the bride and groom with a few friends and relatives partook of a light lunch at the home of the groom, after which the newly married couple drove to the Howland house in Zylonite where they took dinner. They were accompanied by the maid of honor and the best man. After a short stay there they drove to the home of Mrs. A. Ratelle of Adams, who is an aunt of the bride, where they took tea. From there they will take the 8 o'clock express for Canada where they will visit among friends and relatives. They will be at home in Greylock in two weeks and will make their home with Henry Liberty, father of the groom. The groom is book-keeping clerk in the wave and cloth rooms of the Greylock mill while the bride has been employed in the spinning room of the same mill, where each have a large number of friends who wish them much happiness in their new life.

District Court.

The following cases were in court this morning:

John Pezor, George Dupont and Nicholas Hillard were fined \$15 each for disturbing the peace.

Edward Gay was charged with disturbing the peace and his case was continued to Tuesday.

John Roche was fined \$5 for drunkenness.

Edward S. Bates, drunk, case continued one week.

The cases against Arthur Lanoue for being a stubborn child and William Quinlan and Myron Benton for housebreaking continued to Saturday, as State Agent Morton was sick and unable to be here today.

Charles Belhamer was fined \$5 for drunkenness and \$10 for disturbing the peace.

Lawyer Dowlin appeared for Joseph Bolduc, whose continued cases came up. Bolduc was charged with entering the house of Mr. McCusker, where he been boarding, to get things from the room he had occupied, and also with larceny of sundry articles from Penman & Co.'s hardware store. Mr. Dowlin said all the complaints were satisfied and moved that the complaints be held away. The larceny case was filed, but Judge Phelps doubted the court's authority to file the other complaint, which was consequently continued to Thursday.

Responses Received.

President Richmond of the board of trade has received favorable responses from a number of gentlemen invited to speak at the annual banquet next Friday night, and more are expected at an early date. Among those who have consented to speak are Representative F. G. Manchester of Winchester, author of the bill providing for a forest survey of the state; Representative W. A. Whitely and Rev. Dr. J. W. Thompson of Pittsfield and George P. Lawrence of this city, president of the state senate. The banquet will be a notable event and will probably be very largely attended.

Miss Mary Wilcoxson in view of her approaching marriage gave a delightful pink and white luncheon to a number of her young lady friends at the Wilson Saturday afternoon. There were fifteen present and the luncheon was most pleasantly enjoyed.
